- 1,586 asylum seekers left under Voluntary Return schemes in the year ending September 2019, a 15% decrease from the year ending September 2018 (1,856).

**Note:** The most recent figures are often revised in later statistical releases, usually upwards, so percentage decreases can change significantly when this happens.

### Detention

#### Persons leaving detention

- A total of 2,102 people were recorded as having been removed from the UK upon leaving detention, having been held solely under Immigration Act powers in Q3 2019;

#### Persons Detained at the end of Q3 2019

- 1,152 persons who had sought asylum at some stage were being detained solely under Immigration Act powers (63% of all immigration detainees)
- 10 children were recorded as entering detention in Q3 2019.

## CHILDREN:

### Applications by Unaccompanied Children Seeking Asylum

- The number of applications from unaccompanied children, excluding dependants, was 901 in Q3 2019, an increase from the previous quarter.

Table 12: Asylum applications by Unaccompanied Children Seeking Asylum (excl. dependants)

	Q3 2018	Q4 2018	Q1 2019	Q2 2019	Q3 2019
Applications	851	941	951	753	901

- Afghanistan was the top country of origin for unaccompanied children (16% of all applications in Q3 2019). Eritrea accounted for 14%, Sudan and Vietnam for 13% each, Iran for 12%, Iraq for 10% and Albania for 5%. Together these seven countries accounted for over 80% of all applications in Q3 2019.
- In Q3 2019 89% of applicants were male, a similar percentage to the previous quarter.
- In Q3 2019 94 asylum applications by unaccompanied children were made by girls.
- There are a small number of applications recorded as sex unknown.

Table 13: Applications by unaccompanied children seeking asylum

	Total Applications	Applications by girls	% Female
Q3 2019	901	94	10%
Q2 2019	753	72	10%
Q1 2019	951	110	12%
Q4 2018	941	111	12%
Q3 2018	851	96	12%

For the detailed statistics on the main countries of origin for unaccompanied girls seeking asylum see the Refugee Council briefing on annual trends in statistics.

## Age Disputed Cases

- The number of age disputed cases raised in Q3 2019 was 167, a decrease compared with three of the four previous quarters. Afghanistan (42), Eritrea (29), Iran (21), Sudan (21), Iraq (14) and Vietnam (13), were the countries of origin with the largest number of age disputed cases in Q3 2019.

Table 14: Age Disputed Asylum applications (excl. dependants)

	Q3 2018	Q4 2018	Q1 2019	Q2 2019	Q3 2019
Applications	240	290	285	144	167

N.B. The Home Office statistics on age disputed cases do not include the category of those applicants who claim to be children but who are treated as adult. This used to be because in the opinion of an Immigration officer “their physical appearance and/or general demeanour **very strongly** indicates that they are **significantly** over 18 years and no other credible evidence exists to the contrary” but the wording has changed since June 2019 to “very strongly suggests that they are 25 years or over”.

## Decisions

- If an unaccompanied child's claim for international protection is refused, they may be granted UASC leave. Since 2013 this leave is granted in cases where the only reason for giving leave is that the applicant is a child who cannot be returned. It is not granted for anyone over the age of 17 and a half.
